14. The entry tickets upon animals or articles will admit the person bringing them to the Show Grounds for Exhibition, along with such animals or articles, without the use of any other ticket. Afterwards, such parties must be provided with regular passes as stated, or they will have to pay the regular admission fee.

23. Exhibitors shall give all necessary attention to their exhibits, and at the close of the Exhibition immediately take charge of the same.

24. Exhibitors of animals, machinery in motion, and other exhibits liable to occasion accidents, injury or damage to persons coming in contact with them, shall guard their exhibits and protect the public from coming in contact therewith, and every such exhibitor shall indemnify the Commission from and against all claims and demands, costs, charges and expense which it may occur, suffer, or be put to by reason of any accident, or by any person being injured or suffering damages through or by reason of any such exhibit not being properly protected, or the public not being properly guarded therefrom.

25. Exhibitors of perishable articles, such as Fruits, Flowers and Vegetables, will be allowed the privilege (after the Judges have made their awards), of replacing any articles which may have deteriorated or wilted.

26. All reasonable latitude will be allowed exhibitors in the taking of orders and the sale of articles on exhibition; but delivery of any article will not be permitted until the close of the Exhibition.

27. The Commission reserve the right to prescribe and regulate all matters pertaining to the harmony and attractiveness of the Exhibition, and the arrangement of and allotment of space for exhibits in the departments.

29. The wholesale distribution of handbills or other advertising matter that may cause a nuisance, is not allowed.

31. Any article or fixtures left in the buildings or grounds at the close of the Exhibition will be at the risk of the owners.

ENTRIES.

32. All entries must be made on the printed forms accompanying the Prize List. These forms are to be filled up and signed by exhibitors and sent to the Secretary at Halifax on or before the following dates, viz.,—All Classes of Manufactures, July 15th, 1906; for Live Stock, Poultry and Dairy Products, on or before

MONDAY, THE 15th AUGUST.

33. Ladies' Work, Fine Arts, Grain, Field Roots, Fruits and Horticultural Products, on or before

MONDAY, THE 25th AUGUST.

34. Exhibitors will take notice that it is absolutely required that the entries be made on or before the dates mentioned, in order to afford sufficient time to examine the entry papers, apportion space, forward entry tickets, and to correspond with parties, when necessary. In view also of the issue of the live stock catalogue and the time necessary for that purpose after the receipt of all entries, this rule is imperative.

35. THE ENTRY FEE MUST, IN ALL CASES, BE FORWARDED WITH THE ENTRY. No entry will be accepted unless this is done. Fees should be sent by Post Office order, postal note, or bills in registered letters. Postage stamps will not be accepted. Postal notes for any amount can be obtained at all Post Offices. When fees are remitted by check payable outside of Halifax, 25 cents must be added for exchange.

36. Exhibits in each department shall pay a separate entrance fee, and there shall be no smaller charge than 25 cents in any department.

37. No changes will be allowed any Exhibitor after entries are closed.

38. When entries are made, great care should be observed to have the name of the exhibitor and address in full.

39. After entering each animal or article, exhibitors will be supplied with a card specifying the class, section and number of entry, which card must remain attached to the animal or article during the Exhibition.

40. No person will be allowed to enter for exhibition more than one specimen in any one section of a class. This rule does not apply to animals, but to all kinds of grain, vegetable products, etc., in which each additional article would necessarily be similar to the rest.

41. In the Horse, Cattle, Sheep, Swine and Poultry Classes, the entry must in every instance be made in the name of the *bona fide* owner, and unless this rule be observed, no premium will be awarded, or, if awarded, will be withheld. If any person shall exhibit any animal or bird of which he is not the *bona fide* owner, except where sire and his get are shown, or under false entry as to age or otherwise, he will forfeit any premium which may be awarded him, and be precluded from exhibiting in the future.

42. Exhibitors intending to compete for "Special Prizes," herd or pen prizes offered, must enter in regular form.

45. Exhibitors must make themselves acquainted with the Prize List and Regulations, and be sure to which classes and sections their exhibits properly belong.

46. Parties desiring the privilege to sell must make special arrangements with the Secretary.

A merchant who sells a line of goods which are also sold by other merchants, cannot be considered as an agent for such goods.

47. **EXTRA ENTRIES:**—Every article must be entered under some one of the sections in the regular Premium List, when possible; but if any article is not enumerated, it may then be entered in the class with which it most nearly corresponds, under the Section Heading "*extra*."

SPACE

49. There are no charges for space. Application for space for the exhibit of all classes of manufacture should be made to the Secretary as early as possible.

50. Intending exhibitors are requested, when sending in their entries, to state size of space required.

51. Exhibitors desiring extra space for advertizing and display purposes, or the privilege to sell, may have the same granted upon condition of maintaining their display, and by paying a certain rental per foot or bulk sum, according to arrangement. Extra light may be obtained upon payment.

52. On or about the 15th of July, space will be allotted in the Machinery, Carriage, and Main Buildings, to such exhibitors as have made application, and notice of such allotment, stating the rental, if any, will be mailed to them, and should any space remain, it will be allotted as applied for.

53. If any exhibitor fail to make and maintain a creditable display, or have the exhibit completed on time, the Commission reserves the right to declare the space, or any portion thereof, forfeited.

LIVE STOCK.

54. Good buildings are provided upon the grounds for Live Stock. Water will be furnished for Horses, Cattle, Sheep and Swine, without charge, from the opening till the close of the Exhibition, so that the stock may be taken to the grounds immediately on their arrival. Hay, grain and straw for bedding for Horses, Cattle, Sheep and Swine, will be for sale on the grounds at lowest market prices. Exhibitors will please report if unreasonable prices are exacted.

55. Exhibitors must have their catalogue numbers posted in a conspicuous place on their respective stalls on a card, which will be furnished by the Secretary.

57. All stalls must be left open and animals kept uncovered from 10 a. m. to 5 p. m. every day of Exhibition, so that visitors may have ample opportunity to inspect the animals. The production of any of the animals may be ordered by the Superintendent in charge for review or other purposes, at any time during the Exhibition; and any exhibitor or attendant refusing or neglecting to bring such animal out as directed, shall forfeit his entry fees and any premium which may have been awarded him.

JUDGES AND JUDGING.

60. The Judges will be appointed by the Commission previous to the Exhibition, and will receive a circular informing them of the fact, and when to report at the office of the Secretary.

61. No person will be allowed to act as a Judge who is in any way interested in the animal or article to be examined. All Live Stock will be judged between 9 a. m. and 1 p. m. Programme of judging will be furnished to all exhibitors.

62. Judges in the several departments will meet at the Manager's office on the grounds, presenting their Circular of appointment at 10 a. m. on Monday, September 24th.

63. It is particularly requested that Judges will not enter into arguments with exhibitors as to the merits of their exhibits.

64. The Judges are requested to make at the end of their book, before handing in the same to the Secretary's office, any suggestions or recommendations they may deem necessary for consideration by the Commission with a view to improving the Prize List for future Exhibitions.

65. It is desired that the Judges of each class go together to hand in their report, instead of sending it by one of their number, and remain together until their book has been examined by the Secretary, in order that errors or doubt may more promptly and easily be made right.

66. It is expected that the expert Judges in the Live Stock Departments will give an address, setting forth the points required in the different classes, using, for that purpose, subjects taken from the prize winners.

67. Judges are requested to have the winners' name and address written upon the prize card, where cards are used, before placing same upon the animal or article to which they have awarded the prize.

68. Judges will please sign and hand their awards to the Secretary as soon as possible, and make any more extended reports they desire to make afterwards.

69. The Judges are particularly requested not to leave the grounds until they ascertain from the Secretary whether there are any protests against the awards in the classes they have judged.

70. No individual exhibitor can take more than one prize in any one section, unless there is competition, or in other words, he cannot be a competitor against himself. Also where there is no competition except between animals from the same farm or stable, but one prize will be given.

71. *If the stock or article exhibited is of inferior quality or not in proper condition, Judges shall award only such premium as they think the animal or article deserves. They shall exercise their discretion as to awarding first, second, or any premium.*

72. It does not follow because a prize is offered for any particular animal or article, that it must be awarded unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. Judges are particularly requested to note this fact.

73. In addition to the stated premium offered, the Judges shall also distinguish such animals or articles as they consider deserving of notice, but which have not received prizes, by tickets with the words "**HONOR COMMENDED**" and "**COMMENDED**" upon them. These tickets will not entitle the holder to any money payment.

74. No award of a money prize not offered in the list will be paid.

75. Each award must be written in a plain and careful manner by the Judges, in the books handed them by the Secretary.

76. Exhibitors can ascertain from the Superintendents in charge of the several departments when the Judges will examine their exhibits. No complaint based upon the statement that Judges overlooked animals or articles, will therefore be entertained by the Commissioners.

77. In all classes of Live Stock where registration is called for by the Prize List, every exhibitor must give the registration number when making entry, and must produce to the Secretary and the Superintendent of the Department, when required, a certificate showing that the animal is duly registered in a recognized Stud, Herd, Flock, or Swine Book, and unless such certificate is produced as above, the animal or animals shall not be allowed to compete, excepting horses and cattle under one year, sheep and swine under six months, in which case name and registration of the sire and dam must be given on the entry form.

78. Any exhibitor lodging a protest must make it in writing, and deliver it to the Secretary within twelve hours after the award complained of is made. It must state plainly the cause of complaint or appeal, and must be accompanied by a deposit of \$5, which sum shall be forfeited if said protest is not sustained by the Commission or by the persons delegated by it to deal with the same, whose decision shall be final, and no further appeal shall lie.

79. The Commissioners, however, earnestly hope exhibitors will not enter protests without the strongest grounds. Protests of a frivolous nature cause much annoyance and unpleasantness.

80. No animal or article exhibited shall have above it any price, colors or cards, until the awards have been made in their respective classes.

81. No person will be allowed in the Rings during the time Horses, Cattle, Sheep and Swine are being judged, except Judges, Commissioners, Superintendents, Officials, Members of the Press, Grooms, or persons in charge of animals being judged.

82. All prize cards and ribbons annexed by the Judges must be displayed during the Exhibition. Any infraction of this rule will incur forfeiture of premiums awarded.

83. Any person who shall attempt to interfere with or influence the Judges in the discharge of their duty, or who shall at any time on the Exhibition ground use any contemptuous or abusive language to any Judge in consequence of any award made by him, shall forfeit his rights to all premiums which have been awarded to him. Judges are particularly requested to immediately report any breach of this rule.

84. Upon discovery of any fraud, deception, dishonest practice or misrepresentation in the preparation, entry, or ownership of any animal or article exhibited, which may have affected or may have been intended to affect the decision of the Commission, the Commission will withhold all prizes awarded, and may prohibit such party or parties from exhibiting in any department of the Exhibition for one or more years, and also publish the names of such persons should they see fit.

85. The Commissioners may require any exhibitor to make a statutory declaration before any magistrate or commissioner of the Supreme Court in relation to any disputed fact in regard to any matter relating to entries or to the awarding of prizes in any department, and a refusal or neglect on the part of any exhibitor to make such statutory declaration may be taken by the Commission as such evidence of bad faith as to justify the withholding of any or all prizes.

87. He shall attend the Judges in his department, and afford them every facility for examination.

88. He shall provide proper and ample space for all exhibits, and the Superintendents of Live Stock shall, either personally or through the Secretary, provide stalls for all animals exhibiting.

Parties having prizes awarded to them, are particularly requested to apply for them before leaving Halifax, or leave a written order with some person to receive them, stating the articles for which prizes are claimed, and the amount of same. 91. All persons to whom a prize has been awarded, and who did not receive the same, as above, must apply to the Secretary, in writing, for payment thereof, before the 20th November of this year, otherwise such prize will be forfeited.

MISCELLANEOUS.

95. If through ignorance of the regulations any person shall bring things to the Exhibition without having entered the same in proper manner at the proper time, they may, in the discretion of the Commission, be allowed to place the same upon the grounds so as to be seen by the public. They shall not, however, be classified or examined by the Judges, and no premiums will be awarded.

96. Exhibitors must arrange their exhibits in as neat and as attractive a manner as possible, and fit up the space allotted them in a proper manner, in default of which the Commission may cancel their entries.

97. The Commission reserve the right to prescribe the dimensions and regulate positions of all signs, and generally to direct the management of articles on exhibition, so far as may be necessary to secure harmony and an attractive appearance.

FIRE AND POLICE PROTECTION.

98. The most thorough arrangements possible have been made to guard against fire. The grounds are connected by telephone with the different Fire Halls, and with the precautions taken, it is believed the danger of fire is very remote. Exhibitors desiring insurance must give the matter their personal attention.

99. An ample police force will be on duty day and night. Exhibitors are, however, expected to exercise constant supervision over their articles on exhibition, because the Commission will not be responsible for loss or damage by theft, fire, or any other cause.

100. Small and valuable articles should be exhibited in show cases which can be securely locked.

ENQUIRIES.

All information concerning the Exhibition and its arrangements can be obtained by addressing the Secretary at Halifax. During the Exhibition, enquiries may be made on the premises of the Commission, their officers and servants, who, when applied to, will either supply the information sought, or refer the questioner to the proper officer.

101. Members of the Press are cordially invited to the Exhibition. Ample accommodation will be provided and all necessary information promptly supplied.

Editors are requested to notify the Secretary, two or three weeks previous to the Exhibition, of the names of representatives they will have on duty, in order that tickets may be forwarded.

which case the name and registration of sire and dam must be given. Judges and Superintendents on the grounds will have the right to demand production of certificates of registration.

5. Great care must be taken to enter each animal in its proper class, as no alterations can be made after the entries close.

6. The entry must in every instance be made in the name of the *bona fide* owner, and unless this rule be observed, no premium will be awarded, or, if awarded, will be withheld.

If any person shall exhibit any animal of which he is not the *bona fide* owner, except where sire and his get are shown, or under false entry as to age or otherwise, he will forfeit any premium which may be awarded.

Exhibitors intending to compete for Special Prizes must enter in regular form.

All first prize animals are eligible to compete for sweepstakes, and they alone.

7. Upon discovery of any fraud, deception, dishonest practice or misrepresentation in the preparation, entry or ownership of an animal or article exhibited, which may have affected or may have been intended to effect the decision of the Judge, the Commissioners will withhold all prizes awarded, and may prohibit such party or parties from exhibiting in any class for one or more years, and also publish names of such persons should they see fit.

8. No animal will be allowed to compete in more than one class or section, except (1) foals of 1906, which may compete with their dam and also separately, and (2) mare and two of her progeny, and stallion and three of get, and (3) animals competing in the Speed Class.

9. No animal will be allowed a premium unless sound, except in the case of stallions, and brood mares injured by accidents, which do not lessen their usefulness, and in the Speed Class.

10. All stalls must be left open, and animals kept uncovered, from 10 a. m. to 5 p. m., so that visitors may have ample opportunity to inspect the animals.

The production of any of the animals may be ordered by the Superintendent in charge for review or other purposes, at any time during the Exhibition; and any exhibitor or attendant refusing or neglecting to bring such animal as directed, shall forfeit his entry fees and any premium which may have been awarded him.

11. In the Roadster, Carriage and Hackney Classes, exhibitors should come prepared to show their horses harnessed to carriage, if required.

12. All horses on exhibition must be brought out for inspection by the Judges, or for exhibition, whenever called upon by the official appointed to that duty.

13. Horses entered in Speed Competitions cannot compete under Classes 3 and 4 as Roadsters or Carriage Horses.

14. If the stock or article exhibited is of inferior quality or not in proper condition, Judges shall award only such premium as they think the animal or article deserves. They shall exercise their discretion as to awarding first, second, or any premium.

It does not follow because a prize is offered for any particular animal or article, that it must be awarded unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. Judges are particularly requested to note this fact.

15. In each section, where there is only one exhibitor, not more than one prize will be awarded.

16. Stalls will be allotted after entries have closed. All stalls must be cleared out before 7 a. m., so that the refuse may be cleared away.

17. Smoking will not be allowed in any stall.

18. If required by the Superintendent or Judges, exhibitors must produce a certificate from a public weighing office, giving the weight of any horse exhibited, at any time during the Exhibition.

19. Exhibitors who may desire to take their horses home at night will be allowed to do so after 6 o'clock p. m., on depositing \$2.00 per horse with the secretary as a guarantee for the return of the animal next morning. If the horse be not returned and the permit renewed by 10 a. m. next morning, the amount deposited will be forfeited.

20. Non-compliance with any of these rules, or with the General Rules of the Commission, on the part of any exhibitor or his employee, may incur the forfeiture of any premium awarded.

It is the intention to have a large sale of Horses on the last day of the Exhibition, and entry book for the same is now opened. Owing to the very large attendance expected at this Exhibition, I see no reason why 200 or more Horses could not be disposed of. The sale will be conducted, as far as possible, on the same principles as the celebrated Faig Tipton sales at New York. Owners of Horses desirous of taking advantage of this great sale will please send their entries as soon as possible with full statement.

W. F. PAGE Men's Clothier and Tailor,

Cor. Barrington and George Sts., Halifax

6. Cows must be giving milk at the time of Exhibition, or be evidently well gone in calf.
7. All cows exhibited in the Dairy Class must be milked dry between the hours of 6 and 7 p. m. on the evening previous to the day of judging. The Superintendent must see that this is done.
8. No animal can compete in more than one class or section, except for the prize for best male or female, or for the herd prize, or in sections—Bull and 3 of his get; Female and 2 of her progeny.
9. All animals must be shown when required, and the exhibitors must be ready to bring them out when called for by the Superintendent.
10. In any section where there is only one exhibitor, not more than one prize will be awarded.
11. *If the exhibit in any section be of an inferior quality, or not in condition, the judges will award only such premiums as they think advisable, and they may exercise their discretion as to whether they will award any premium.*
12. All animals will be called into the ring for examination by the Judges. Owners and attendants must be prepared to bring them when called for. No complaint based upon the statement that judges overlooked animals will be entertained by the Commission.
13. In all purebred classes animals must be registered, except young-cattle under one year of age, and exhibitors must give pedigrees on the entry form, and, if required, produce them at the time of Exhibition.
14. Bulls must have a ring in their nose, or be otherwise properly secured to prevent accident.
15. When an exhibitor exhibits an aged herd, and not a breeder's herd, the age limit for bull may be one year and over.
16. *In the case of Grade Cattle they must be entered as such, and the pedigree of the sire given with entry to show that they are at least half-bred.*
17. All animals must be exhibited in the section set apart for them, and younger animals will not be allowed to show in sections intended for older ones.
18. Non-compliance with any of these rules, or with the General Rules of the Commission, on the part of any exhibitor or his employee, will incur the forfeiture of any premium awarded, and all penalties embodied in the General Rules.

Division IV.—SHEEP.

Entries Close - - Wednesday, 15th August.

Entrance Fee, 25 Cents per Head. No charge for Pens when Animals shown have paid entrance fees in other sections.

1. All animals must be on the grounds by 8 a. m. on Saturday, 22nd September.

2. In making entries, the owners' name and address in full, the age of animals, and registration number, must be given, and certificates produced if required by the Superintendent of the Department.

3. The entry must, in every instance, be made in the name of the *bona fide* owner, and unless this rule be observed, no premium will be awarded, or if awarded, will be withheld.

Exhibitors intending to compete for Special Prizes, herd or pen prizes offered, must enter in regular form.

All first prize animals are eligible to compete for sweepstakes, and they alone.

4. If required, exhibitors must make a statutory declaration that the animals are of the ages stated. Judges will exclude from competition all animals which are wrongly entered, as to age, etc.

5. All pure bred Sheep must be registered in some reputable English, Canadian, or American Record, and bear the ear tag of the Association, except lambs under six months, in which case registration papers of Rams and Ewes must be produced if required by the Superintendent of the Department.

6. No animal can compete in more than one class or section, except for the pen prize.

7. In any section where there is only one exhibitor, not more than one prize will be awarded.

8. If the stock or article exhibited is of inferior quality or not in proper condition, the Judges will award only such premium as they think the animal or article deserves. They will exercise their discretion as to awarding first, second, or any premium.

9. It does not follow because a prize is offered for any particular animal or article, that it must be awarded unless there is proper competition, or unless the exhibit is really of sufficient merit to warrant the award being made. Judges are particularly requested to note this fact.

10. Upon discovery of any fraud, deception, dishonest practice or misrepresentation in the preparation, ownership or entry of an animal or article exhibited, which may have affected or may have been intended to affect the decision of the Judge, the Commissioners will withhold all prizes awarded, and may prohibit such party or parties from exhibiting in any class for one or more years, and also publish names of such persons should they see fit.

11. Non-compliance with any of these rules, or with the General Rules of the Commission on the part of any exhibitor or his employee, may incur the forfeiture of any premium awarded.

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

THE SEVERN RIVER RANCHING COMPANY

LIMITED

Objects of the Company—This Company has been incorporated for the purpose of carrying on a general ranching, farming, grazing, dairying and butchering business, and for these purposes to acquire, own and operate steamboats.

SOME OF THEIR UNIQUE ADVANTAGES

Immense range for cattle over a territory about nine miles long by about six miles wide.

Abundant supply of the very choicest qualities of natural and cultivable grasses for grazing, fodder, etc.

Lavish supply of the purest and freshest water, so distributed that no matter upon what part of the ranges the cattle or other stock are grazing there is water, and in abundance.

Eminently suitable for either cattle, sheep, or other live stock.

Good driving roads and telephone line crossing the ranges.

Electric light and power line also crosses the ranges at about the center, by which electric power for running all sorts of machinery, as well as light for the buildings, stables, etc., is available.

A steamboat landing on the property.

SECOND LAKE, ON SEVERN RIVER RANCHES.

RAILWAY AND CANAL TRANSPORTATION FACILITIES

There are at present two railways running at convenient distances from the ranches, viz.:

The Northern Division of the Grand Trunk Railway at Severn Bridge, about six miles to the east, and

The Midland Divi-

sion of the same road at Coldwater, about six miles to the southwest, besides which

The James Bay Railway (now in course of construction) crosses the property about the center, and will have a station there.

The Canadian Pacific Railway (also in course of construction) will run very convenient to the western boundary of the ranch.

The Trent Valley Canal (also in course of construction) is expected to be running through the Severn River, on our northern boundary, in the near future.

Steamboats already plying on the Severn River and Sparrow Lake call at our landing, and connect with trains at Severn Bridge. It will thus be seen that the ranches are usually well served, and will soon be practically surrounded by rail and water transportation facilities, thereby guaranteeing not only the maximum of convenience, but the minimum of freight and passenger charges.

LAKE FREDERICK, SEVERN RIVER RANCHES.

ADVANTAGES WITHOUT PARALLEL IN AMERICA

The ranches are so convenient to the great markets of Toronto, Hamilton, Buffalo, Lockport, Rochester, etc., that buyers from either of the two former cities may visit the ranches, make their purchases, and return the same day. Those from Buffalo, Rochester, etc., can leave home in the morning and be on the ranches the

same afternoon. In fact, it is possible that carloads of cattle shipped to Buffalo in the morning will reach there in the evening, and we may have the returns for them the next or the following day.

No other ranching company has such present and prospective transportation facilities.

No other ranching company has such extensive ranges so conveniently situated.

No other ranching company has so many and varied natural advantages and opportunities for adding to its revenues.

No other similar ranch is so thoroughly watered.

Such advantages and conveniences are unparalleled by any other ranch in America, the value and importance of which to a cattle ranch it is scarcely necessary to enlarge upon. Every intelligent stock-raiser, shipper, dealer, or farmer, will fully comprehend that they mean a saving of money, assured and increased dividends to the Shareholders.

CULLODEN LAKE, SEVERN RIVER RANCHES.

CATTLE - RAISING ON THE FARM AND ON THE RANCH

It is a well-known and understood fact that stock-raising is now the most profitable department of the Ontario farm. *No other department yields such sure and satisfactory results for the amount of capital and labor invested in it; year after year it is a sure and profitable crop.* While, of course, it has some risks, arising from sickness and accident, to run,

IT IS NOT BESET BY THE NUMEROUS ENEMIES AND AGENCIES OF DESTRUCTION

such as frost, snow, drouth, wet weather, blighting winds, and insects of various sorts with which ground crops have to contend; hence the prudent Ontario farmer is now devoting more attention to stock-raising than ever before, and he will tell you it pays him to do so. And if the Ontario farmer can profitably raise

live stock in the very limited numbers or quantities possible on his 50-, 100-, or 200-acre farm, where the relative cost for feed, grazing, labor, and other expenses, exclusive of capital invested in his farm, is enormously greater per head than on a large ranch — because his land, taxes, labor, etc., cost him more, and the same labor that is required to care for and attend to a comparatively few heads on a farm will care for and attend to a much

greater number on a ranch — hence, if the small or average farmer can profitably raise stock on his farm,

WHAT MAY NOT REASONABLY BE EXPECTED

from a ranch of about 15,000 acres, and having capacity for 5,000 head or upwards? *The facts* in this connection are so patent that any elaboration is superfluous.

Unlike almost every other commercial, industrial or mining enterprise, where the average investor has to rely upon the glowing statements of the promoters, because he knows little or nothing about it himself, any stock-raiser or farmer can sit down in his own house, verify these statements, and approximately estimate what the increase and profits of the ranch, as well as his share of them, ought to be in any year. And being conveniently situated, easily and cheaply reached from any part of Ontario, the shareholders (who are always welcome) can visit the ranch, count up the cattle, etc., and practically take stock of the business at any time. These are facts that will commend themselves to every thoughtful investor. Nor is it necessary to point out to the stock-raiser, dealer, butcher, or exporter, the wide and practically unlimited field or market and demand for the products of the ranch. Unlike almost every other commercial or manufacturing business, it is not confined or limited to certain narrow and well-defined precincts, districts, provinces, or even nations. It is unlimited, and has no bounds.

ITS MARKET IS THE WORLD

Insurrection, war, or even famine, usually so destructive to most commercial enterprises, rarely has any effect upon it, except to increase its trade.

It is entirely safe to assume that if a stock-raiser or rancher was requested to locate, plan and lay out a large block of land convenient of access and to markets, with all the requisites and advantages for an "ideal ranch," with

capacity for grazing, say, 5,000 to 7,000 head of cattle, besides sheep, hogs, etc., he would pass right over Ontario, and his mind would instantly soar away to the distant unoccupied lands of Alberta or the far West. He would probably try to locate it somewhere along the banks of the Bow, Belly, or Saskatchewan rivers, with as many coulees or other muddy water holes on it as possible. It would also doubtless be very remote from human settlement or transportation facilities of any kind, and several thousand miles distant from the seaboard or world markets, because it would not likely occur to him that such a large block of land (exclusive of its other unique advantages) could be acquired more conveniently situated, much less within twelve miles of the flourishing town of Orillia, Ontario, or with the unusual rail and water transportation facilities already established or in course of construction across or at convenient distances from all sides of the ranch, by which this ranch is now, or soon will be, practically surrounded, thereby ensuring

SHIPPING ADVANTAGES SUCH AS ARE ENJOYED BY NO OTHER RANCH IN AMERICA

and he would never have thought of such *lavish supply* and convenient distribution of the purest and freshest lake, river and spring water as is supplied by the various lakes and *two rivers* with which this ranch is provided. Much less would he have dreamed of the possibility of furnishing such a ranch with such economic advantages as

ELECTRICITY FOR LIGHT FOR THE BUILDINGS AND POWER

to run any sort of machinery, feed cutters, choppers, churns, etc., or having them available. Yet this is just what Nature and Science has done for the SEVERN RIVER RANCHES, which would thus appear to have been especially endowed with every advantage and convenience for an "ideal ranch."

A NEW ENTERPRISE IN CANADA

ANGORA GOAT
BUCK
COST \$750

SEVERN RIVER
RANCHES

Probably the most interesting department of the Severn River Ranches, to the Canadian public, will be its herd of Angora, or Cashmere, Goats. These beautiful and valuable animals are natives of Asiatic Turkey, and are very hardy in all American climates, even where the temperature descends to thirty below zero.

Although Angora breeding is a growing and extensive industry in the United States—there being

extensive ranches in Texas, California, Nevada, Missouri, Dakota, Maine, and even in Alaska—except for a few Angoras kept for exhibition purposes in a couple of public parks, it is an *entirely new enterprise in Canada.*

Angora Goats are bred for their wool (called Mohair), which is long (10 to 20 inches), silky, lustrous, and snowy white, as well as for their meat, skins and pelts. They are exempt from the offensive odor of

the common goat, and where known are classed among the most useful of domestic animals, and have been so for thousands of years—so much so, that the Sultan has *absolutely prohibited their exportation*. The fleece furnishes many of the finest fabrics of ladies' wear. The fine fabric known as "camel's hair" is of the best mohair, and not from the camel, as generally supposed.

Mohair is mixed with silk and wool in a great variety of beautiful fabrics, improving the luster, quality and durability of each. Mohair braids contest the market with silk. It is also used in the manufacture of ladies' shawls, dress and knit goods, plushes, and many other fine lines. The short and coarser qualities of hair are used for blankets, lap-ropes, rugs, carpets, etc.

The skins are used for leather, and the pelts for robes and rugs.

The meat is so nearly like the best Shropshire lamb that it requires an expert to detect it, and it is exceedingly nutritious and palatable.

The milk is richer than that of cows or the common goat.

They are *great browsers*, every leaf, twig, and even most of the weeds and bushes usually considered poisonous to other animals, are eaten. They will desert the finest clover or blue joint grass for such browse.

The Company is now negotiating for a small herd of these interesting animals, believing—especially as the enterprise is new in Canada—that a large and profitable business can be done by introducing and breeding them in this country.

RAGGED RAPIDS ELECTRIC POWER AND LIGHT PLANT

OWNED BY THE TOWN OF ORILLIA.

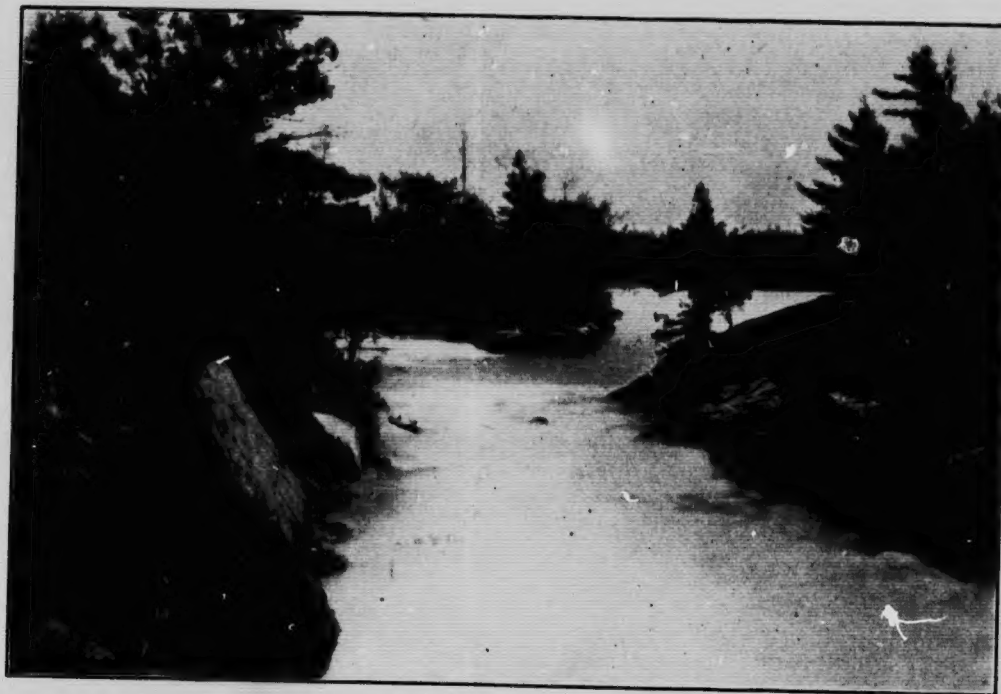

These works are situated at "Ragged Rapids," a series of beautiful cascades on the Severn River, on the northern boundary of our ranch, and transmit the power over a "Pole Line" 19 miles long, and running from "The Rapids" all across the ranch, and on to the town of Orillia.

THE ORIGINAL INTENTION OF THE COMPANY

It was not the original intention of the Company to sell any of its stock, but after considering the immense area of the property, its situation, and other peculiar advantages, as well as its contiguity to the celebrated summer resorts on Sparrow Lake, Gloucester Pool, and Severn River, it is believed a large and profitable business in ranch and dairy products, fresh meats, vegetables, and other supplies may be done, whereby the revenues of the Company can be greatly augmented by the employment of additional capital. The proceeds thereof to be used in purchasing stock, erecting buildings, acquiring additional land, machinery, improvements, and other expenses necessarily incurred.

ISSUE OF STOCK AT PAR—\$100 PER SHARE

RAPIDS ON SEVERN RIVER.

The Company is issuing its stock at par—\$100 per share. *There is only one kind of stock. There is no preference stock or bonds. All stockholders will share alike in the profits of the Company, according to their holdings.*

The Directors reserve the right to reject or reduce any application, and in case no allotment is made, the amount paid will be returned.

Application for Stock may be made on the following form to the SEVERN RIVER RANCHING COMPANY, LIMITED, ORILLIA, ONTARIO, or to A. A. LAURIE, Esq., ORILLIA, ONT.
